GOVERNOR VAN SANT'S POSITION
THE SUBJECT OF TALK IN
NEW YORK.

TO STOP CONSOLIDATION

Minnesota's Chief Executive Will Try to Checkmate the Northern Securities Company—Promoters of the New Corporation Say There Is Nothing in Its Charter That Refers to the Great Roads of the Northwest.

New York, Nov. 19.—The announcement in the dispatches from the West of Governor Van Sant's intention to bring suit in the name of the state of Minnesota to prevent, if possible, the consolidation of the Great Northern and Northern Pacific companies into the Northern Securities company was the subject of talk in Wall street before the market opened and throughout the day. Outside of the heavy engagements of gold for shipment it was easily the principal topic of conversation in down town financial circles. During the first hour or more of the stock market the announcement caused more or less selling among timid holders on narrow margins.

All the prominent interests in the Northern Securities company made light of Governor Van Sant's avowed intention to fight this new combination. It is admitted, however, that they expected considerable opposition to their plans for consolidating the Great Northern and Northern Pacific into one company and in all their negotiations in this connection the legal status of the new company was constantly borne in mind.

The position is taken by the promoters of this great combination that it will not absorb the Great Northern and Northern Pacific companies, but that they will be run as before. The organization of each company will be maintained as heretofore, it is claimed. It is also asserted that the new company will be a benefit and not an injury to the people of the states through

which its railways run.

Asked as to how the scheme of the new company would be beneficial to patrons of the railway, Charles Steele, the legal partner of the J. P. Morgan company, said:

"It will give them better service and more stable rates." Asked if this meant higher rates he replied: "Certainly not; they will not have to pay higher rates. That isn't part of the plan, and, besides, the people wouldn't stand increased charges."

Most of the influential representatives of the Northern Securities company declined to discuss the intention of Governor Van Sant to oppose the consummation of the plans of the Northern Securities company. Those who would talk at all pointed out that there is nothing in the new company's charter that makes any reference to either the Great Northern and Northern Pacific roads, and that, according to the charter, the company is authorized to buy any class of securities or any property.

VAN SANT WILL FIGHT.

Will Do What He Can to Checkmate the Northern Securities Company.

St. Paul, Nov. 19.—Governor Van Sant, in an interview regarding the formation of the Northern Securities company, said:

"As soon as the attorney general returns I will hold a conference with him and ascertain what can be done to checkmate this reported consolidation of the railroads in this state."

"I cannot say definitely what will be done until I have held a consultation with him and ascertained what, if anything, can be done under the present laws, and what further can be done by the legislature."

"If the consolidation cannot be checked under existing laws, but can be checked by means of further legislation, I will feel justified in calling an extra session of the legislature to take up the question."

"I believe laws can be enacted which will check the consolidation, or at least render the combination ineffective. We can compel them to maintain separate organizations at any rate."

"I shall leave nothing undone that is within my power to prevent the consummation of this scheme for consolidation, but, as I have said, the first step is to consult with the attorney general and ascertain what method of legal proceedings it is best to adopt. Until I have ascertained that I can say nothing definite."

Attorney General Douglass is enjoying his vacation hunting on the north shore of Lake Superior, and is not expected home for a week.

SOLDIER KILLS TWO.

Turns His Gun Loose on the Streets of Junction City, Kan.

Junction City, Kan., Nov. 19.—An unidentified soldier from Fort Riley shot and killed two men on the street here. About 9:45 p. m. the soldier, who is supposed to be a saddler at the fort, approached R. E. L. Cooper in the middle of the street, and, with an oath, fired a pistol at him. The ball entered the right temple and Cooper died an hour later. City Marshal James White, who was near by, started for the scene, but was shot by the soldier before he got off the sidewalk. The ball entered the base of the neck, severing an artery. White died a few minutes after being shot. The soldier continued shooting until his revolver was empty. He then turned and walked down the street, swinging his

revolver above his head and wildly yelling "I want to die! I want to die!" The murderer has not been captured, but is known to the authorities, who are organizing posses and making a search for him.

Hurled From a Bluff by Footpads.

St. Joseph, Mo., Nov. 19.—Daniel Sullivan, an engineer in the employ of the Burlington railway, was held up by footpads near his home at an early hour and because he showed fight was hurled from a 60-foot bluff, falling on the Burlington tracks and receiving injuries which are fatal.

May Rule Without a Parliament.

Vienna, Nov. 19.—There are renewed rumors in Vienna that, owing to the continuance of Czech obstruction, Emperor Francis Joseph will dissolve the Austrian reichsrath and rule for a time without parliament.

BRYAN sent 75,000 copies of the Commoner into Ohio just before the election, and look at the result.

THIS is about as treacherous as the careless deer hunter and both are claiming countless victims these days.

MIKE DOWLING who is out after big game, killed a moose in the north woods Saturday. He will now be more persistent than ever in trying to hang Congressman Eddy's scalp on the fence.

THEY say it is a poor rule that will not work both ways but we have yet to hear of the hunter who took a shot at a man and killed a deer. Statistics show that in this instance the rule is a dead letter.

THE St. Paul Globe and the St. Cloud Times, both claiming to be straight democratic, are in a heated discussion as to what constitutes a democratic paper. Why not refer the question to Charlie Towne or Billy Bryan?

The Minneapolis Journal sees nothing but political significance and a smooth piece of strategy in Gov. Van Sant's stand against the consolidation of the Great Northern and Northern Pacific lines. This was to be expected, but the ordinary individual will give the governor credit for doing what he thought was right in protecting the interests of the people of the state of Minnesota.

Boys who "skip" school should beware. Last winter the legislature passed a law making the offense of systematic "skipping" punishable by commitment to the state school. The law provides that upon the approval of the board of education pupils who make a habit of staying away from school and who will not mend their ways after the truant officer has done what he can to persuade them to do so shall be made wards of the state, if convicted in court, and sent to the school at Red Wing, and the first case under the new law was tried in Minneapolis on Saturday, the youth in question being sent to Red Wing.

Immigrants for Northwest.

The annual report of the inspector general of immigration, shows that 10,223 aliens declared they were bound for Minnesota when questioned at ports of entry during the fiscal year. Of these there were 6,108 Scandinavians (Norwegians, Danes and Swedes), 1,234 Finns, 813 Germans, 576 Croatians and Slavonians, 378 Hebrews, 210 Poles, 137 Italians (south), 108 Italians (north), 125 Slovaks and the remainder scattering.

Immigrants bound for North Dakota included 1,355 Germans, 1,147 Scandinavians, and the remainder of a total of 2,889 of scattering nationalities, each being represented by less than 100 persons. The 2,675 immigrants destined for South Dakota included 1,342 Germans and 957 Scandinavians, with the remainder scattering. Montana received an accession of 1,387 aliens to her population, of whom 347 were Scandinavians, 273 Croatians and Slavonians, 164 Northern Italians, 137 Irish, 112 Finns, with the remainder scattering.

Two indictments have been found by the grand jury against L. R. Howell, the former traveling salesman for the St. Cloud Grocery company. The true bills were returned to the court at its opening yesterday morning but their contents were not divulged. Under the provisions of his bond Howell was not due to report to the authorities until today. The Grocery company claims a shortage of some \$700, and it is probable that the amount has been divided into two specific defalcations. Howell is on the road selling jewelry for a manufacturing company, and was in Brainerd yesterday.

The Carleton college Y. M. C. A. has invited the state Y. M. C. A. to hold its next annual convention in Northfield.

LOCAL NEWS NOTES.

Gust W. Alquist is on the sick list.

Ex-Mayor Koop left this afternoon for Aitkin on business.

Bishop Morrison returned to Duluth this afternoon.

Mr. and Mrs. J. T. Sanborn left this afternoon for the Twin Cities.

Mons Mahlum and Sheriff Erickson left this afternoon for Deerwood on business.

General Manager Gemmell, of the M. & I., went up the line today on business.

T. Lukens, of Verndale, father of Amos and Gilbert Lukens, is visiting in the city for a day or two.

E. P. Brown, of Portland, Oregon, who has been a guest in the city for several days left this afternoon for the west.

Mrs. Stewart, of Little Falls, arrived in the city this afternoon to visit for a time with Mr. and Mrs. George Stratton.

W. T. Orcutt, representing Gamble, Robinson & Co., Minneapolis, arrived in the city this afternoon from the east.

Mrs. Walter Davis left this afternoon for Staples where she will visit with her daughter, Mrs. Dr. Cameron, for a short time.

County Commissioner Gardner left last night with old Comrade Kirkpatrick for the soldiers' home at Minnehaha Falls.

There will be a meeting of the ladies of St. Paul's parish on Wednesday evening, November 20, at 7:30 o'clock at the home of Mrs. A. V. Snyder.

Mr. and Mrs. A. G. Armstrong returned this afternoon from Madison, Wis., where they went to take in the Wisconsin-Minnesota game. Mr. Armstrong stated that the Gophers were not in the game for a minute.

Alderman Fogelstrom leaves tomorrow for Staples, where he will build an elevator for a Minneapolis elevator company. He goes from there to Little Falls for the same purpose when he completes his work at Staples.

There will be a meeting this evening of those who are to take part in the Elk's minstrels. There should be a good attendance and the committee urgently requests that each one bring with him his music. The meeting will be held in Peabody hall.

The Brainerd Marine Band will give a dance this evening in Walker hall. President DeForest has secured the services of Prof. Bartsch and he will play with the Marine orchestra which will furnish music for the dance. Lunch will be served at 12 o'clock.

The members of Magnolia and Mississippi courts are requested to be present at the next regular meeting, Friday evening, Nov. 22, 1901. S. W. Southworth, high supreme chief ranger, will be present and business of importance will be transacted.

About a dozen friends of Mr. and Mrs. George Forsyth walked in on them last night at their home in East Brainerd and gave them a genuine surprise, the evening being the thirty-fourth anniversary of their wedding. A delightful evening was spent.

Neighborhood Gossip.

A Catholic fair will be a big attraction at Bemidji next week.

The relatives of the late William Semper, of Sauk Rapids, are scrapping over the estate.

Lumber sales to the amount of about \$150,000 were recorded in the office of the register of deeds at Duluth.

W. A. Hitchcock, of Mankato, a member of the switching crew on the Omaha road, slipped and fell under the wheels. Both legs were cut off.

The 17-year-old daughter of P. Bondeau, of Argyle, disappeared and at the same time the hired man and \$180 in money were found to be missing. The couple were to have been married soon, with Mr. Bondeau's consent.

Deputy Sheriff William Westberg, of Fergus Falls, a week or two ago left the city and Sheriff Wagner finds indications that his accounts are far from being straight. He was not under bonds, and Sheriff Sawyer is making good all shortages.

SELECTION OF RECTORSHIP UP.

A Meeting of the Vestry of St. Paul's Episcopal Church Held Last Night.

THEY WILL MOVE CAUTIOUSLY.

Rev. C. E. Ball, of Virginia, Who was a Candidate is Turned Down.

There was a meeting of the vestry of St. Paul's Episcopal church last night and Bishop Morrison, of Duluth, was present. The meeting was called for the purpose of considering the matter of calling a rector to St. Paul's parish, and it is understood that the session was a very interesting one. The meeting lasted into the small hours of the morning, and it is understood after it was over that nothing definite was decided upon.

Rev. C. E. Ball, of West Virginia, supplied at the church one or two Sundays a short time ago and it is understood that he was a candidate for the rectorship.

The vestrymen, at least a majority of them, are weighing the matter of securing a rector with a great deal of thought. They realize that the success of the parish depends largely on the selection of its head and in this regard they have canvassed the situation thoroughly. Some very powerful men are in mind and in fact one gentleman has been asked to visit the city, and if he is found to be the man for the place undoubtedly he will be given a call. Bishop Morrison met with the vestry to advise with them and offer suggestions.

PRELIMINARY ORGANIZATION.

There was a Fairly Good Attendance At The Labor Meeting Held in Trades And Labor Hall Last Night.

M. N. Rogers, of Minneapolis, organizer for the State Federation of Labor, met quite a representative gathering of the laboring men of the city last night in Trades and Labor Assembly hall. It was an open meeting, although a special invitation had been extended to men of the different crafts which naturally come under the laboring head.

No permanent organization of labor was perfected, although it is thought that Mr. Roger's efforts last night will bear fruit in the future. The carpenters made preliminary arrangements and they will organize under the Carpenters' Brotherhood head at a meeting to be held on Thursday evening.

RESOLUTION ADOPTED

By the Iron Moulders' Union, American Federation of Labor, of This City,

At a Recent Meeting.

At a meeting of the Iron Moulders Union, No. 226, American Federation of Labor, of this city, held on Thursday evening of last week the following resolution was adopted:

WHEREAS, By the present method of employing labor in the navy yards, mechanics and laborers are no longer discriminated against by reason of their political proclivities, thereby eliminating all favoritism, there no longer exists any good reason why the building of vessels of war should not be prosecuted as economically and expeditiously in the various navy yards of the country as the same can be done by private contractors; and WHEREAS, We feel satisfied that the assignment of a portion of this work to the navy yards would enable a larger proportion of the toilers of the country to participate in the benefits of the eight-hour day, without corresponding loss to the Government; therefore be it

RESOLVED, That our Senators and Representatives in Congress are earnestly requested to assist in having inserted in the next naval appropriation bill, authorizing the construction of war ships, a provision that some of the vessels provided for in such bill shall be constructed in the navy yards of the country.

At the opening night sale of boxes of the Brainerd opera house the eight boxes brought \$445. The parquet seats will be sold for \$7.50 each, and three days notice will be given before the sale begins. Some Little Falls people have expressed intentions of attending the opening, and the opera house management will afford them due opportunity to get satisfactory seats.—Transcript.

A MARCHING CRUSADE

INDIANA MINERS PREPARING TO MAKE A DESCENT ON VINCENNES.

WANT UNION WAGES PAID

The Men Employed in the Prospect Hill Workings Have Been on Strike for Several Weeks—Marchers Say They Will Tolerate No Violence and Will Use Only Lawful Methods to Gain Their Ends.

Washington, Ind., Nov. 19.—Three hundred coal miners are gathered together in this city waiting for the Baltimore and Ohio Southwestern westbound train to take them to Vincennes, where they will be joined by 500 other miners who are now marching from surrounding towns to that city. They will then descend on the Prospect Hill mines there and endeavor to persuade the non-union men to stop work. During the day a delegation of Montgomery miners marched into Washington and held a secret meeting with the local men, after which they visited the railroad agent and chartered three coaches to take them to Vincennes on the first train.

Word has been received that 150 were marching on Vincennes from Princeton and several hundred from other surrounding mining towns. By 3 o'clock fully 800 men are expected to be massed in Vincennes and an hour later they will be at the mines. The men are divided into companies, each of which has a captain. They say they will tolerate no violence and will only employ lawful methods to gain their ends. They will not return until they have closed the mines down, they say, or secure the union scale of wages. They will purchase provisions at Vincennes and will camp out while there. The men at Prospect Hill have been out on a strike for several weeks for higher wages. Non-union men have taken their places.

State President Van Horn, who was here last Friday, gave his consent to the marching crusade.

M'KINLEY'S DEATH MASK.

One of the Most Perfect Ever Taken of a Notable Person.

Buffalo, Nov. 19.—After two months' work a cast from the death mask of President McKinley, taken on the morning of his death, has been finished. The mask has been carefully guarded, being kept in a safety deposit vault when not in the hands of Edward La Pauch, an expert mask maker from Hartford, Conn. The mask is the property of the federal government. Next week it will be taken to Washington, where for a time it will be shown to the public at the Smithsonian institute.

It was the express order of the government that no photograph of the mask should be taken. It is said to be one of the most perfect ever taken of a notable person. The mask differs from those of Napoleon and others in that instead of merely including the face it portrays practically the entire head. The plaster itself weighs 25 pounds.

GETTING INTO THE GAME.

Labor Men of Cleveland Breaking Away From the Old Parties.

Cleveland, Nov. 19.—A movement has been started which may result in the labor men of Cleveland going into the political game after breaking away from the ranks of both the Republican and Democratic parties. The cause of the sentiment behind this move is the recent success of the labor candidates in both San Francisco and Bridgeport, Conn. Since the elections scarcely nothing else of a political nature has been discussed in labor circles of this city. William Danlo, a local labor leader, said:

"The general plan as now mapped out is to call a mass meeting for the purpose of making preliminary arrangements and stirring up interest in the movement. This will then be followed by a regularly organized convention at which candidates on the new party ticket will be named."

AFTER CANADIAN PACIFIC.

Rumored That Hill and Associates Are Buying Stock.

New York, Nov. 19.—Continued buying of Canadian Pacific shares for Montreal account caused speculative attention to be given to the Soo line shares. The Soo line is practically owned by the Canadian Pacific company, and the Wall street rumor is that James J. Hill and other Northwestern railroad magnates are striving to obtain a voice in the Canadian Pacific management in order to curb the Soo line as a rate disturbing factor.

It is well understood that the American interest in Canadian Pacific has been largely increased since the last annual meeting, when 90,000 shares were voted by its New York holders. Since then over 250,000 shares have been acquired by the New York interests.

ANOTHER DISASTROUS WRECK.

Twenty-five Japanese Reported Killed on the Great Northern.

Minneapolis, Nov. 19.—A special to The Journal from Helena, Mon., says: Reports have been received here of a disastrous freight wreck on the Great Northern near Culbertson Station. In the northeastern part of the state. An eastbound extra freight, in charge of Conductor Charles Bach and Engineer Roy Pierce, and 25 Japs are reported to have been killed. The extra freight was running 25 miles an hour around a sharp curve in the track at the time of the accident. So far as can be learned the Asiatics were the only ones injured.

A. E. MOBERG.

STARTS

THE GREATEST SALE YET.

We want the public to know that no matter how many Reduction Sales or how many kinds are in progress we will not only meet all cut prices, but always go them one better. We will do business if we have to do it at a loss.

THIS ice is about as treacherous as the careless deer hunter and both are claiming countless victims these days.

MIKE DOWLING who is out after big game, killed a moose in the north woods Saturday. He will now be more persistent than ever in trying to hang Congressman Eddy's scalp on the fence.

THEY say it is a poor rule that will not work both ways but we have yet to hear of the hunter who took a shot at a man and killed a deer. Statistics show that in this instance the rule is a dead letter.

THE St. Paul Globe and the St. Cloud Times, both claiming to be straight democratic, are in a heated discussion as to what constitutes a democratic paper. Why not refer the question to Charlie Towne or Billy Bryan?

THE Minneapolis Journal sees nothing but political significance and a smooth piece of strategy in Gov. Van Sant's stand against the consolidation of the Great Northern and Northern Pacific lines. This was to be expected, but the ordinary individual will give the governor credit for doing what he thought was right in protecting the interests of the people of the state of Minnesota.

Boys who "skip" school should beware. Last winter the legislature passed a law making the offense of systematic "skipping" punishable by commitment to the state school. The law provides that upon the approval of the board of education pupils who make a habit of staying away from school and who will not mend their ways after the truancy officer has done what he can to persuade them to do so shall be made wards of the state, if convicted in court, and sent to the school at Red Wing, and the first case under the new law was tried in Minneapolis on Saturday, the youth in question being sent to Red Wing.

Immigrants for Northwest.

The annual report of the inspector general of immigration, shows that 10,223 aliens declared they were bound for Minnesota when questioned at ports of entry during the fiscal year. Of these there were 6,108 Scandinavians (Norwegians, Danes and Swedes), 1,234 Finns, 813 Germans, 576 Croatians and Slavonians, 378 Hebrews, 210 Poles, 137 Italians (south), 108 Italians (north), 125 Slavovs and the remainder scattering. Immigrants bound for North Dakota included 1,355 Germans, 1,147 Scandinavians, and the remainder of a total of 2,889 of scattering nationalities, each being represented by less than 100 persons. The 2,675 immigrants destined for South Dakota included 1,342 Germans and 957 Scandinavians, with the remainder scattering. Montana received an accession of 1,387 aliens to her population, of whom 347 were Scandinavians, 273 Croatians and Slavonians, 164 Northern Italians, 137 Irish, 112 Finns, with the remainder scattering.

Two indictments have been found by the grand jury against L. R. Howell, the former traveling salesman for the St. Cloud Grocery company. The true bills were returned to the court at its opening yesterday morning but their contents were not divulged. Under the provisions of his bond Howell was not due to report to the authorities until today. The Grocery company claims a shortage of some \$700, and it is probable that the amount has been divided into two specific defalcations. Howell is on the road selling jewelry for a manufacturing company, and was in Brainerd yesterday.

The Carleton college Y. M. C. A. has invited the state Y. M. C. A. to hold its next annual convention in Northfield.

About a dozen friends of Mr. and Mrs. George Forsyth walked in on them last night at their home in East Brainerd and gave them a genuine surprise, the evening being the thirty-fourth anniversary of their wedding. A delightful evening was spent.

Neighborhood Gossip.

A Catholic fair will be a big attraction at Bemidji next week.

The relatives of the late William Semper, of Sauk Rapids, are scrapping over the estate.

Lumber sales to the amount of about \$150,000 were recorded in the office of the register of deeds at Duluth.

W. A. Hitchcock, of Mankato, a member of the switching crew on the Omaha road, slipped and fell under the wheels. Both legs were cut off.

The 17-year-old daughter of P. Bondeau, of Argyle, disappeared and at the same time the hired man and \$180 in money were found to be missing. The couple were to have been married soon, with Mr. Bondeau's consent.

Deputy Sheriff William Westberg, of Fergus Falls, a week or two ago left the city and Sheriff Wagner finds indications that his accounts are far from being straight. He was not under bonds, and Sheriff Sawyer is making good all shortages.

SELECTION OF RECTORSHIP UP.

A Meeting of the Vestry of St. Paul's Episcopal Church Held Last Night.

THEY WILL MOVE CAUTIOUSLY.

Rev. C. E. Ball, of Virginia, Who was a Candidate is Turned Down.

There was a meeting of the vestry of St. Paul's Episcopal church last night and Bishop Morrison, of Duluth, was present. The meeting was called for the purpose of considering the matter of calling a rector to St. Paul's parish, and it is understood that the session was a very interesting one. The meeting lasted into the small hours of the morning, and it is understood after it was over that nothing definite was decided upon.

Rev. C. E. Ball, of West Virginia, supplied at the church one or two Sundays a short time ago and it is understood that he was a candidate for the rectorship.

The vestrymen, at least a majority of them, are weighing the matter of securing a rector with a great deal of thought. They realize that the success of the parish depends largely on the selection of its head and in this regard they have canvassed the situation thoroughly. Some very powerful men are in mind and in fact one gentleman has been asked to visit the city, and if he is found to be the man for the place undoubtedly he will be given a call. Bishop Morrison met with the vestry to advise with them and offer suggestions.

PRELIMINARY ORGANIZATION.

There was a Fairly Good Attendance At The Labor Meeting Held in Trades And Labor Hall Last Night.

M. N. Rogers, of Minneapolis, organizer for the State Federation of Labor, met quite a representative gathering of the laboring men of the city last night in Trades and Labor Assembly hall. It was an open meeting, although a special invitation had been extended to men of the different crafts which naturally come under the laboring head.

No permanent organization of labor was perfected, although it is thought that Mr. Rogers' efforts last night will bear fruit in the future. The carpenters made preliminary arrangements and they will organize under the Carpenters' Brotherhood head at a meeting to be held on Thursday evening.

RESOLUTION ADOPTED

By the Iron Moulders' Union, American Federation of Labor, of This City, At a Recent Meeting.

At a meeting of the Iron Moulders' Union, No. 226, American Federation of Labor, of this city, held on Thursday evening of last week the following resolution was adopted:

WHEREAS, By the present method of employing labor in the navy yards, mechanics and laborers are no longer discriminated against by reason of their political proclivities, thereby eliminating all favoritism, there no longer exists any good reason why the building of vessels of war should not be prosecuted as economically and expeditiously in the various navy yards of the country as the same can be done by private contractors; and WHEREAS, We feel satisfied that the assignment of a portion of this work to the navy yards would enable a larger proportion of the toilers of the country to participate in the benefits of the eight-hour day, without corresponding loss to the Government; therefore be it

RESOLVED, That our Senators and Representatives in Congress are earnestly requested to assist in having inserted in the next naval appropriation bill, authorizing the construction of war ships, a provision that some of the vessels provided for in such bill shall be constructed in the navy yards of the country.

At the opening night sale of boxes of the Brainerd opera house the eight boxes brought \$445. The parquet seats will be sold for \$7.50 each, and three days notice will be given before the sale begins. Some Little Falls people have expressed intentions of attending the opening, and the opera house management will afford them due opportunity to get satisfactory seats. — Transcript.

A MARCHING CRUSADE

INDIANA MINERS PREPARING TO

MAKE A DESCENT ON VINCENNES.

WANT UNION WAGES PAID

The Men Employed in the Prospect Hill Workings Have Been on Strike for Several Weeks—Marchers Say They Will Tolerate No Violence and Will Use Only Lawful Methods to Gain Their Ends.

Washington, Ind., Nov. 19.—Three hundred coal miners are gathered together in this city waiting for the Baltimore and Ohio Southwestern westbound train to take them to Vincennes, where they will be joined by 500 other miners who are now marching from surrounding towns to that city. They will then descend on the Prospect Hill mines there and endeavor to persuade the non-union men to stop work. During the day a delegation of Montgomery miners marched into Washington and held a secret meeting with the local men, after which they visited the railroad agent and chartered three coaches to take them to Vincennes on the first train.

Word has been received that 150 were marching on Vincennes from Princeton and several hundred from other surrounding mining towns. By 3 o'clock fully 800 men are expected to be massed in Vincennes and an hour later they will be at the mines. The men are divided into companies, each of which has a captain. They say they will tolerate no violence and will only employ lawful methods to gain their ends. They will not return until they have closed the mines down, they say, or secure the union scale of wages. They will purchase provisions at Vincennes and will camp out while there. The men at Prospect Hill have been out on a strike for several weeks for higher wages. Non-union men have taken their places.

State President Van Horn, who was here last Friday, gave his consent to the marching crusade.

M'KINLEY'S DEATH MASK.

One of the Most Perfect Ever Taken of a Notable Person.

Buffalo, Nov. 19.—After two months' work a cast from the death mask of President McKinley, taken on the morning of his death, has been finished. The mask has been carefully guarded, being kept in a safety deposit vault when not in the hands of Edward La Pauch, an expert mask maker from Hartford, Conn. The mask is the property of the federal government. Next week it will be taken to Washington, where for a time it will be shown to the public at the Smithsonian institute.

It was the express order of the government that no photograph of the mask should be taken. It is said to be one of the most perfect ever taken of a notable person. The mask differs from those of Napoleon and others in that instead of merely including the face it portrays practically the entire head. The plaster itself weighs 25 pounds.

GETTING INTO THE GAME.

Labor Men of Cleveland Breaking Away From the Old Parties.

Cleveland, Nov. 19.—A movement has been started which may result in the labor men of Cleveland going into the political game after breaking away from the ranks of both the Republican and Democratic parties. The cause of the sentiment behind this move is the recent success of the labor candidates in both San Francisco and Bridgeport, Conn. Since the elections scarcely nothing else of a political nature has been discussed in labor circles of this city. William Danio, a local labor leader, said:

"The general plan as now mapped out is to call a mass meeting for the purpose of making preliminary arrangements and stirring up interest in the movement. This will then be followed by a regularly organized convention at which candidates on the new party ticket will be named."

AFTER CANADIAN PACIFIC.

Rumored That Hill and Associates Are Buying Stock.

New York, Nov. 19.—Continued buying of Canadian Pacific shares for Montreal account caused speculative attention to be given to the Soo line shares. The Soo line is practically owned by the Canadian Pacific company, and the Wall street rumor is that James J. Hill and other Northwestern railroad magnates are striving to obtain a voice in the Canadian Pacific management in order to curb the Soo line as a rate disturbing factor.

It is well understood that the American interest in Canadian Pacific has been largely increased since the last annual meeting, when 90,000 shares were voted by its New York holders. Since then over 250,000 shares have been acquired by the New York interests.

ANOTHER DISASTROUS WRECK.

Twenty-five Japanese Reported Killed on the Great Northern.

Minneapolis, Nov. 19.—A special to The Journal from Helena, Mon., says: Reports have been received here of a disastrous freight wreck on the Great Northern near Culbertson Station. In the northeastern part of the state. An eastbound extra freight, in charge of Conductor Charles Bach and Engineer Roy Pierce, collided with a work train of Japanese and 25 Japs are reported to have been killed. The extra freight was running 35 miles an hour around a sharp curve in the track at the time of the accident. So far as can be learned the Asiatics were the only ones injured.

DEAL CLOSED FOR A NEW TURBINE.

City Council Thinks it Has Solved
the Lighting Question
At Last.

REGULAR MEETING LAST NIGHT.

The Tax Levy for the Ensuing
Year is Fixed by Council
At \$18,200.

The city council met in regular session last night for the first time in the new quarters of the Park Opera House building, with President Crust in the chair. The following Aldermen were present: Koop, Halladay, Gardner, Purdy, Rowley, Erickson, Fogelstrom, Doran and Wright.

The rooms which will be used in the new building as council chambers have not been completed so that the meeting last night had to be held in the clerk's office and with all the aldermen present and several others the room was rather crowded but this inconvenience will be remedied by the next meeting, as the new rooms will then be ready.

City Clerk Low submitted his financial report for the month of October, which was on motion accepted and filed. The following is the report:

RECEIPTS.

Electric light collections.....	\$1992.61
Municipal court fines.....	195.15
Fines for violating quarantine.....	10.00
Liquor licenses.....	500.00

2597.76

DISBURSEMENTS.

City expense.....	\$803.03
Fire protection.....	102.00
Streets, sidewalks, building.....	609.72
Electric light fund.....	845.87
Printing.....	51.18

2501.80

The committee to which was referred the matter of getting furnishings for the new city hall, presented a communication from L. Paulle & Co., Minneapolis, offering to put in the judge's desk and railing for \$88. The proposition was accepted.

A proposition was read from the James Leffel Co., offering to put in the latest improved 56 inch upright Samson turbine for \$1545. The communication was received and placed on file.

The committee to which was referred the matter of having the sidewalks of L. J. Cale, Con O'Brien and J. F. McGinnis placed at the proper grade respectively, reported that Messrs. O'Brien and Cale agreed to have the walks properly fixed and have commenced work on the same. J. F. McGinnis reported to City Attorney Crowell that the street commissioner has by him been instructed to raise and properly fix his walk, render the bill to him and he would pay the same to the city clerk at once.

A proposition from the Western Union Telegraph Co. to put in a self-winding, self-regulating clock in the new city hall was read, but the same died young, a motion being made that the matter be accepted and filed, it being understood that nothing of this kind was needed.

It seems that there has been another gymnastic maneuver in the ownership and control of the dam in this city, which until last night was supposed to be the property of the Mississippi & Rum River Boom Co. Some time ago a communication was received from President Chute, of the boom company, in which was enclosed a bill for \$2,250 rental for water power. The bill at the time was referred to the city attorney with instructions that he notify President Chute that the city held a contra bill against the company.

City Attorney Crowell did as he was instructed and a communication was received in reply, which was a surprise to the councilmen. The communication was from Cohen, Atwater & Shaw, attorneys, of Minneapolis. It was stated that the Brainerd dam is the Northern Water power Co's interest and not the Mississippi River Boom Co. As regards the city's claim against the company for reduction of rent and expenses incurred in work on the dam Mr. Chute informed the attorneys that his experts reported that the break was caused entirely by the negligence of the city improperly placing its wheels. The matter was finally settled by motion, which was unanimously carried, instructing the city attorney to write the gentlemen interested in the dam that if the amount

of the claim of the city of \$400 was reduced from the amount of the bill the balance due the company would be forth coming at once.

A resolution was passed authorizing the raising by taxation in the ensuing year \$18,200 upon the taxable property of the city of Brainerd for the purposes mentioned and specified in section 54 and 56, of Chapter 11, special laws of the state of Minnesota, such tax to be distributed as follows:

Sinking fund.....	\$1800.00
Interest and bonds.....	7000.00
Current expenses of city.....	8100.00
Bridges and certificates.....	1300.00

This levy is in excess of the levy of last year by about \$1000.

An ordinance granting the American Telegraph and Telephone Co., permission to erect its lines into the city was passed.

On motion the proposition of J. Leffel Co. to put in a 54 inch Samson turbine wheel was accepted. This will give the city a modern wheel and will furnish ample power. F. B. Fist, a representative of the company has been in the city for several days and the dam was thoroughly inspected on Sunday by the gentleman and members of the council.

A communication touching on the matter of furnishing an armory for Company F was read from Col. Chas. A. VanDuzee, of the Third Infantry, N. G. S. M. He called attention to the fact that pursuant to Section 1, Chapter 54, general laws of 1891, that Company F was organized under the provisions of the general laws, and has reached the maximum number of enlisted men and has been assigned to his command. The communication was received and placed on file.

W. W. Green made application for a liquor license. He runs the East Hotel in East Brainerd. The money was not enclosed with the application so the matter could not be considered. Mr. Green will have the amount on the next occasion and will probably be able to get a license. The matter was on motion left in the hands of the police committee to report.

Ex-Mayor Koop at the head of a committee composed of himself A. E. Moberg, and other gentlemen made a few pointed remarks on the matter of granting licenses to outsiders who come in to sell at auction for a few days. He thought, and it was the expression he said of most of the business men that the license of \$25 for the first day and \$10 for each succeeding day is entirely inadequate to protect the legitimate business of the city.

The committee wanted the license made higher. An understanding was reached in this matter when City Attorney Crowell explained that a man in order to procure a license he must first secure the sanction of the city council and that before anyone can be permitted to sell at auction without a license he must have lived here five years.

Capt. Adair appeared before the council and asked what was to be done about the armory question. He was informed that the purchasing committee would report on this matter Dec. 1.

That Commission.

The city council sometime ago passed a resolution asking Judges Searle and Baxter to appoint a commission of fifteen as required by the statute to revise the city charter on the ground that the old charter had become inadequate for the demands of the city. The commission consists of the following business men of that city: E. P. Adams, A. R. Davidson, W. M. Fuller, T. C. Gordon, J. Kiewel, F. A. Lindberg, F. W. Lyod, T. J. Martin, J. A. Nichols, L. M. Roberts, M. D. H. A. Rider, E. F. Shaw, C. Sheldon, A. Tanner, C. E. Vassaly.

Of the men named, Adams, Lindbergh, Lyon, Shaw and Sheldon are lawyers. It is said that the proposed building of a new steel bridge over the Mississippi at the Broadway crossing is the prominent object to be accomplished under the new charter.—Transcript.

L. L. Herrick, of the Benton county bank, Sauk Rapids, on Saturday received a telephone message from Nels Evanson, cashier of the bank of Lindstrom, one of the group of banks owned by Mr. Herrick and the Jacobsons, of Alexandria, saying that the bank vault had been totally wrecked by a charge of dynamite, but the cracksmen had been unable to gain an entrance into the inner safety deposit vault, where the bank's currency was kept.—St. Cloud Journal-Press.

HURLED BENEATH FLYING TRAIN.

A Man Killed This Morning at
an Early Hour Near
Brainerd.

DEATH WAS INSTANTANEOUS.

Papers on the Person Indicate
That His Name was
Chas. Groshing.

This morning Gust Johnson, section foreman on the Lake Superior division near Jonesville, came to this city and notified the officials that he had discovered a man who was evidently dead lying near the track about a mile this side of the station. He did not go to the body and examine it but came at once to Brainerd to make the matter known.

Coroner Reimestad was at once notified and he with the section foreman left about 11 o'clock on a hand-car for Jonesville. Dr. Reimestad returned to the city on the noon train with the body of the man and it was removed to the Losey & Dean morgue. When Dr. Reimestad reached the scene he states that upon examination he found that the man had not been dead many hours, as the muscles of his body had not relaxed at that time. The doctor is of the opinion that the man was either pushed off or fell off the passenger train which passes through this city enroute to Duluth about 4 o'clock in the morning. When the man fell he struck his head on the ground and his skull was fractured, death resulting instantly.

The man was fairly well dressed, but indications are that he was a working man. From papers on his person it is thought that his name was Chas. Groshing and that his home is in Minneapolis. There was a receipt given for rent in his pocket which was given to "Chas. Groshing" and signed by R. W. Randall.

An inquest will be held late this afternoon and Dr. Reimestad has notified the authorities at Minneapolis to see if the dead man's identity can be established. In view of the fact that the receipt in the man's pocket was for rent it is thought that he was a married man.

Forestry is Particularly Interested
In New Plans.

S. M. Owen, president of state board of forestry, is much interested in the report from Washington that Secretary Hitchcock has completed a re-organization of the forestry division of his department that will insure the conduct of forestry affairs on strictly business principles.

Mr. Owen is particularly interested in that part of the plan which is to provide for the sale of burned timber at green timber prices after Jan. 1. This measure is designed to prevent the wanton burning of timber by persons who wish to secure it as "dead and down."

Without going into the feasibility of the plan, Mr. Owen thinks that as a general proposition it will tend to discourage illegal timber cutting.

B. F. Nelson of the Nelson-Tuthill company, and H. C. Akeley of the Akeley Lumber company, laugh at the idea of selling "burned timber at green timber prices."

Said Mr. Akeley: "If there is to be no difference in the price of burned and green timber then the demand for burned timber will cease. The fact that the value of damaged goods has suffered and the consequent natural drop in prices always creates the demand. As a broad proposition, that applies with equal force to lumber.

"There's only one way to settle this dead and down question and that is to allow a clean cut. The sooner the department realizes that fact and stops experimenting, the better it will be for all concerned. There is no chance to head off crooked work so long as separate cutting of dead, down or burned timber is permitted."

BIG LAND DEAL CONSUMED.

The Deal Includes the Sylvan Lake Live
Stock Ranch and Involves a Con-
sideration of \$50,000.

The real estate firm of Moore Bros. & Sawyer, of Minneapolis, recently closed one of the largest farm land deals of the season, involving a financial consideration of nearly \$50,000. The land purchased involves in the aggregate 7,000 acres of what is known as the Sylvan Lake Live Stock ranch, in Cass, Crow Wing and Morrison counties.

The land was purchased about 10 years ago by the Sylvan Lake Live Stock company for an immense sheep ranch. A good proportion of it is tilled, and contains large, well watered pasturages.

It is situated largely in Cass county on the Northern Pacific road, which at one point cuts through the land. The firm will place it on the market, and has already contracted for the sale of 1,500 acres.

AMUSEMENTS.

The Brainerd Opera House will have for its first tenant, on Dec. 2, "The Casino Girl," presented by Manager Samuel E. Rork. "The Casino Girl" is recalled as the extravaganza which George Lederer presented successfully at the Casino, in New York, and later took to London where it caught popular favor as largely as its American predecessors, of the same type, had done. After the close of the London season the production was given a supplementary term in New York and Chicago, and now for the first time is being toured extensively in this country. The production that will be made in this city will be that of London fame, in its entirety, and with the addition of the most attractive features that were interpolated upon the return of the organization to this country. The extravaganza as now presented is said to be a harmonious mosaic of the best elements of native and foreign burlesque. The cast contains a large number of well known American stage humorists, prominent among whom will be found Frank Bernard, a dialect funster of the broken tongued Teutonic school, who is said to surpass all rivals in the field by a subtler characterization of a familiar type of German; Ben Grinnell, R. E. Warren and Harry Short, comedians of distinctive types, each possessing a wonderful fund of humor; Harry A. Smith, a young baritone of splendid favor with New York theatre goers; Miss Clara Palmer, a singer who within a comparatively short period has risen to prominence in the lighter lyric presentations and last season was prima donna of the Francis Wilson Opera Company; Miss Nellie McNaughton, and Miss Carrie Reynolds, whose successes as beauties and comedienne have been many.

ON THE GRIDIRON.

Foot ball enthusiasts would like to see the high school eleven play Aitkin here on Thanksgiving afternoon.

The game would be sure to draw a record-breaking crowd, while the expense in bringing Aitkin up here would be comparatively light.

Aitkin's team is unbeaten. The scores it has been running up against other high schools are phenomenal. On Saturday the Aitkin men scored 51 points to 0 against Little Falls. This may not show Aitkin's strength any more than it shows Little Falls' weakness, but one thing is certain—a team that can defeat St. Cloud is worth seeing in Duluth.

The red and white eleven has now had a good rest and could undoubtedly be whipped into fine shape between now and Thanksgiving day. After the manner in which the general public patronized the few games seen at Oneota Park, they feel that they are entitled to at least one more good, fast, snappy game.—Duluth Herald.

Work on the M. & I. is going along more swiftly now since the frost has taken some of the slop out of the ground. Grading is done more easily. Between Tenstrike and Blackduck, about five miles is ready for the ties, including the crossing of Erickson lake. There are three or four large cuts to tackle, and it is said that there is only about two hundred rods of the right of way upon which no work at all has been done except the clearing.—Bemidji Pioneer.

DEAL CLOSED FOR A NEW TURBINE.

City Council Thinks it Has Solved
the Lighting Question
At Last.

REGULAR MEETING LAST NIGHT.

The Tax Levy for the Ensuing
Year is Fixed by Council
At \$18,200.

The city council met in regular session last night for the first time in the new quarters of the Park Opera House building, with President Crust in the chair. The following Aldermen were present. Koop, Halladay, Gardner, Purdy, Rowley, Erickson, Fogelstrom, Doran and Wright.

The rooms which will be used in the new building as council chambers have not been completed so that the meeting last night had to be held in the clerk's office and with all the aldermen present and several others the room was rather crowded but this inconvenience will be remedied by the next meeting, as the new rooms will then be ready.

City Clerk Low submitted his financial report for the month of October, which was on motion accepted and filed. The following is the report:

RECEIPTS.

Electric light collections....\$1992.61
Municipal court fines..... 195.15
Fines for violating quarantine 10.00
Liquor licenses..... 500.00

2597.76

DISBURSEMENTS.

City expense.....\$403.03
Fire protection..... 102.00
Streets, sidewalks, building... 609.72
Electric light fund..... 845.87
Printing..... 51.18

2501.80

The committee to which was referred the matter of getting furnishings for the new city hall, presented a communication from L. P. Palle & Co., Minneapolis, offering to put in the judge's desk and railing for \$88. The proposition was accepted.

A proposition was read from the James Leffel Co., offering to put in the latest improved 56 inch upright Samson turbine for \$1545. The communication was received and placed on file.

The committee to which was referred the matter of having the sidewalks of L. J. Cale, Con O'Brien and J. F. McGinnis placed at the proper grade respectively, reported that Messrs. O'Brien and Cale agreed to have the walks properly fixed and have commenced work on the same. J. F. McGinnis reported to City Attorney Crowell that the street commissioner has by him been instructed to raise and properly fix his walk, render the bill to him and he would pay the same to the city clerk at once.

A proposition from the Western Union Telegraph Co. to put in a self-winding, self-regulating clock in the new city hall was read, but the same died young, a motion being made that the matter be accepted and filed, it being understood that nothing of this kind was needed.

It seems that there has been another gymnastic maneuver in the ownership and control of the dam in this city, which until last night was supposed to be the property of the Mississippi & Rum River Boom Co. Some time ago a communication was received from President Chute, of the boom company, in which was enclosed a bill for \$2,250 rental for water power. The bill at the time was referred to the city attorney with instructions that he notify President Chute that the city held a contra bill against the company.

City Attorney Crowell did as he was instructed and a communication was received in reply, which was a surprise to the councilmen. The communication was from Cohen, Atwater & Shaw, attorneys, of Minneapolis. It was stated that the Brainerd dam is the Northern Water power Co's interest and not the Mississippi River Boom Co. As regards the city's claim against the company for reduction of rent and expenses incurred in work on the dam Mr. Chute informed the attorneys that his experts reported that the break was caused entirely by the negligence of the city improperly placing its wheels. The matter was finally settled by motion, which was unanimously carried, instructing the city attorney to write the gentlemen interested in the dam that if the amount

of the claim of the city of \$400 was reduced from the amount of the bill the balance due the company would be forth coming at once.

A resolution was passed authorizing the raising by taxation in the ensuing year \$18,200 upon the taxable property of the city of Brainerd for the purposes mentioned and specified in section 54 and 56, of Chapter 11, special laws of the state of Minnesota, such tax to be distributed as follows:

Sinking fund.....\$1800.00
Interest and bonds..... 7000.00
Current expenses of city... 8100.00
Bridges and certificates... 1300.00
This levy is in excess of the levy of last year by about \$1000.

An ordinance granting the American Telegraph and Telephone Co., permission to erect its lines into the city was passed.

On motion the proposition of J. Leffel Co. to put in a 54 inch Samson turbine wheel was accepted. This will give the city a modern wheel and will furnish ample power. F. B. Fist, a representative of the company has been in the city for several days and the dam was thoroughly inspected on Sunday by the gentleman and members of the council.

A communication touching on the matter of furnishing an armory for Company F was read from Col. Chas. A. VanDuzee, of the Third Infantry, N. G. S. M. He called attention to the fact that pursuant to Section 1, Chapter 54, general laws of 1891, that Company F was organized under the provisions of the general laws, and has reached the maximum number of enlisted men and has been assigned to his command. The communication was received and placed on file.

W. W. Green made application for a liquor license. He runs the East Hotel in East Brainerd. The money was not enclosed with the application so the matter could not be considered. Mr. Green will have the amount on the next occasion and will probably be able to get a license. The matter was on motion left in the hands of the police committee to report.

Ex-Mayor Koop at the head of a committee composed of himself, A. E. Moberg, and other gentlemen made a few pointed remarks on the matter of granting licenses to outsiders who come in to sell at auction for a few days. He thought, and it was the expression he said of most of the business men that the license of \$25 for the first day and \$10 for each succeeding day is entirely inadequate to protect the legitimate business of the city.

The committee wanted the license made higher. An understanding was reached in this matter when City Attorney Crowell explained that a man in order to procure a license he must first secure the sanction of the city council and that before anyone can be permitted to sell at auction without a license he must have lived here five years.

Capt. Adair appeared before the council and asked what was to be done about the armory question. He was informed that the purchasing committee would report on this matter Dec. 1.

That Commission.

The city council sometime ago passed a resolution asking Judges Searle and Baxter to appoint a commission of fifteen as required by the statute to revise the city charter on the ground that the old charter had become inadequate for the demands of the city. The commission consists of the following business men of that city: E. P. Adams, A. R. Davidson, W. M. Fuller, T. C. Gordon, J. Kiewel, F. A. Lindberg, F. W. Lyod, T. J. Martin, J. A. Nichols, L. M. Roberts, M. D. H. A. Rider, E. F. Shaw, C. Sheldon, A. Tanner, C. E. Vasaly.

Of the men named, Adams, Lindberg, Lyon, Shaw and Sheldon are lawyers. It is said that the proposed building of a new steel bridge over the Mississippi at the Broadway crossing is the prominent object to be accomplished under the new charter.—Transcript.

L. L. Herrick, of the Benton county bank, Sauk Rapids, on Saturday received a telephone message from Nels Evanson, cashier of the bank of Lindstrom, one of the group of banks owned by Mr. Herrick and the Jacobsons, of Alexandria, saying that the bank vault had been totally wrecked by a charge of dynamite, but the cracksmen had been unable to gain an entrance into the inner safety deposit vault, where the bank's currency was kept.—St. Cloud Journal-Press.

HURLED BENEATH FLYING TRAIN.

A Man Killed This Morning at
an Early Hour Near
Brainerd.

DEATH WAS INSTANTANEOUS.

Papers on the Person Indicate
That His Name was
Chas. Groshing.

This morning Gust Johnson, section foreman on the Lake Superior division near Jonesville, came to this city and notified the officials that he had discovered a man who was evidently dead lying near the track about a mile this side of the station. He did not go to the body and examine it but came at once to Brainerd to make the matter known.

Coroner Reimestad was at once notified and he with the section foreman left about 11 o'clock on a hand-car for Jonesville. Dr. Reimestad returned to the city on the noon train with the body of the man and it was removed to the Losey & Dean morgue. When Dr. Reimestad reached the scene he states that upon examination he found that the man had not been dead many hours, as the muscles of his body had not relaxed at that time. The doctor is of the opinion that the man was either pushed off or fell off the passenger train which passes through this city enroute to Duluth about 4 o'clock in the morning. When the man fell he struck his head on the ground and his skull was fractured, death resulting instantly.

The man was fairly well dressed, but indications are that he was a working man. From papers on his person it is thought that his name was Chas. Groshing and that his home is in Minneapolis. There was a receipt given for rent in his pocket which was given to "Chas. Groshing" and signed by R. W. Randall.

An inquest will be held late this afternoon and Dr. Reimestad has notified the authorities at Minneapolis to see if the dead man's identity can be established. In view of the fact that the receipt in the man's pocket was for rent it is thought that he was a married man.

**EIGHT DEATHS FROM LOCKJAW
CAUSE GREAT ALARM AT
CAMDEN, N. J.**

OFFICIAL ACTION IS TAKEN

City Authorities Begin a Complete Investigation of the Whole Matter.

Several Cases Also Reported in Philadelphia—Physicians Loth to Believe the Disease is Due to Impure Vaccine.

Philadelphia, Nov. 19.—The alarm that has been caused by the nine cases of tetanus following vaccination in Camden, N. J., has aroused the city officials there to take official action in the matter. The board of health and the board of education each held meetings during the day. The former decided to request physicians to cease vaccinating persons until an investigation as to the cause of the lockjaw cases has been made, and the latter rescinded the order of the compulsory vaccination of all school children. Of the nine cases of tetanus so far reported eight of the victims have died and the other is in a dangerous condition.

The board of health appointed a committee of three to act in conjunction with the county physician and make a complete investigation of the whole matter. Dr. H. H. Davis, president of the board, in stating the purpose of the call, said he did not believe that vaccination was the direct cause of tetanus, but as the city was thoroughly aroused and the people were looking to the board of health for some action, he, therefore, believed something should be done.

There have been several cases of tetanus following vaccination reported in Philadelphia, but no official action has been taken. The question of compulsory vaccination of school children and teachers has been taken to the courts and resulted of a verdict in favor of vaccination. The case was that of a girl's high school teacher who refused to be vaccinated. She was suspended by the school board and she carried her case to court. The board was sustained and the teacher was dismissed from the service of the city. She took an appeal to the superior court.

Coroner Dugan of this city has promised the Anti-Vaccination Society of America to make a thorough investigation of the death of Joseph Goldie, a boy of Bristol, Pa., who died in a hospital here from tetanus alleged to have followed vaccination. The coroner's physician is now engaged in making an autopsy.

At Bridgeton, N. J., Miss Hilda Rocap, a well known music teacher, is in a critical condition as a result of vaccination. Miss Rocap a few days ago was vaccinated on one of her limbs. The whole side of her body became paralyzed and she is suffering greatly. A specialist at Philadelphia has been sent for to make an examination.

Grand Jury at Marshalltown, Ia., Makes Its Report.

Marshalltown, Ia., Nov. 19.—The grand jury, after an extended session, has returned five indictments against county officials. W. B. Williams and T. J. Shearer, Republican members of the board of supervisors, were indicted for malfeasance in office in accepting individual mileage books from the Northwestern road in lieu of money which should have been paid into the county fund. Thomas J. Shoemaker, Republican sheriff, and J. W. McPherson, Democratic ex-sheriff, were indicted for alleged extortion, charging excessive fees in expense accounts in taking prisoners to penitentiaries and patients to insane asylums. Dr. D. W. Devin and F. E. Northrup, members of the insanity commission, were also indicted for alleged extortion, in overcharging in fees. Dr. Devin is chairman of the Republican county central committee.

WARMLY COMMENDED.

General Chaffee Praises Work of a Detachment of First Infantry.

Washington, Nov. 19.—General Chaffee has issued a general order highly commending the conduct of a detachment of the First Infantry, which made a scout into the island of Samar from Aug. 13 to 25 last. Captain Harold L. Jackson was in command of the detachment, which consisted of First Lieutenant Joseph W. Beacham, Jr., Contract Surgeon Conn R. Ohliger, 45 enlisted men of Company I, 35 of Company L and 50 natives. General Chaffee said:

"The report shows that the enemy was twice encountered and defeated, valuable papers captured and supplies of the enemy destroyed. Valuable information was also gained. The energy and gallantry displayed are highly commendable and the instance is placed on record as one of the many feats of endurance and determination shown by the troops of this command."

NEW HIGH RECORD.

Over Seven Million Dollars in Gold Sent to Europe in One Shipment.

New York, Nov. 19.—A new high record for gold shipments to Europe from this port was established during the day when gold to the amount of \$7,082,581 was taken from the assay office for shipment in the steamship Wilhelm der Grosse. The gold was ordered in the regular course of business and according to report all but \$1,000,000, which goes to Berlin, will be sent to Paris, the steamship dropping the greater part at Cherbourg. The shipments were made possible by the high rate of exchange and it was figured that unless a rapid change of rates occurred fully \$25,000,000 more will follow.

MISS STONE WRITES AGAIN.

Continual Confinement and Hard Fare Affecting Her Health.

Sofia, Bulgaria, Nov. 19.—Another letter has been received from Miss Ellen M. Stone. Her health has been somewhat affected by her continual confinement and hard fare, but she expresses herself as still confident of ultimate release.

A letter to Mr. Dickinson, diplomatic agent of the United States at Sofia, replying to his proposals concerning a ransom, says the brigands will hold out for a figure very much above the sum at Mr. Dickinson's command.

The brigands interpret Mr. Dickinson's not having fixed on the sum he is willing to pay and on a time limit as being indications that he can get more money. They also demand immunity from prosecution. But it is impossible for the diplomatic agent of the United States here to have power to bind the governments of Bulgaria and Turkey. This point, however, is not likely to be a serious obstacle in the way of negotiations.

Washington, Nov. 19.—Another cablegram received from United States Consul General Dickinson at Sofia indicates that while Miss Stone has not yet been released there is reason for feeling reassured as to her future. The dispatch furnished evidence that Mr. Dickinson remains in indirect communication with the brigands or their agents.

WANT SEPARATE DAYS.

The Biddle Brothers Object to Being Hung Together.

Harrisburg, Pa., Nov. 19.—Counsel for Edward and Thomas Biddle, under sentence of death at Pittsburgh, has requested Governor Stone to fix separate days for their execution. The Biddles, who are brothers, do not want to be hanged from the same scaffold on the same day. The day of their execution has not yet been fixed.

The Biddles, together with Walter Dorman, were convicted of the murder of Thomas Kahaney, while attempting to burglarize his home at Pittsburgh. Dorman turned state's evidence and may for that reason escape the gallows. He has not been sentenced yet. When officers went to Ed Biddle's room to arrest him he made a desperate resistance. During the fight Detective P. J. Fitzgerald was shot and killed.

TROLLEY CAR DYNAMITED.

Fourth Demolished by Scranton Strike Sympathizers in Ten Days.

Scranton, Pa., Nov. 19.—Another trolley car was dynamited in the city limits. A stick of dynamite supposedly was placed on the track of the Green Ridge line on Washington avenue, near Marion street, and when the car wheel struck it there was an explosion that shattered the wheel, the mechanism beneath the car and nearly all the windows. There was no one on the car at the time except the motorman and conductor, non-union men. They were thrown from their feet and cut by flying glass, but escaped serious injury.

This is the fourth incident of this kind within 10 days. The damage in each instance is about the same, indicating that the same style of cartridge is being used.

WANTS TO FIGHT A DUEL.

Police Officer at Niles, Mich., Challenges an Editor.

Niles, Mich., Nov. 19.—Jacob J. Ulery, a police officer, has issued a challenge through the columns of a local newspaper calling upon F. W. Cook, editor of the Niles Daily Star, to meet him in mortal combat, the weapons to be 38-calibre revolvers and the distance 10 paces. Mayor Baldwin recently inaugurated a crusade against local saloons and Ulery makes nightly rounds to enforce the law relative to the hour of closing. Cook berated Ulery through the columns of his paper for keeping too close tab on the saloons, and, smarting under the criticism, Ulery issued his challenge.

Is Collecting Information.

Washington, Nov. 19.—General Chaffee has taken steps to acquire complete information of a military character regarding the Philippine group by establishing a division of military information in his command. An officer will be detailed at every post to collect information regarding the population of the town, the distance from Manila, means of transit, character of the people and capacity for defense.

Buried by Molten Lead.

Cleveland, Nov. 19.—An explosion of molten metal at the Central blast furnace buried Stephen Timko, a Slav, beneath the burning mass. His body has not been recovered and he is believed to be dead. James Davis, a negro fellow workman, is at the hospital fatally burned. Two other workmen in the vicinity escaped unhurt.

May Recruit in Canada.

Ottawa, Ont., Nov. 19.—Cables are passing between the imperial and Dominion government in regard to recruiting another contingent of troops in Canada for service in South Africa. The only thing that Canada is likely to do in this matter is to afford any facilities that Great Britain may desire for recruiting in Canada.

To Prevent Spread of Tuberculosis.

Washington, Nov. 19.—The army in the Philippines is taking precautions against the spread of tuberculosis. Copies of a circular recently issued at the headquarters of the division of the Philippines absolutely prohibits the practice of spitting on the floors or walls of buildings under military control.

South Dakota Gets Permission.

Washington, Nov. 19.—The United States supreme court has granted leave to South Dakota to file its bill in the proceeding against the state of North Carolina to recover on bonds of the Western Railroad company guaranteed by North Carolina.

Steyn's Family Deported.

Brussels, Nov. 19.—The Petit Bleu asserts that the wife and family of Former President Steyn of the Orange Free State have been deported from South Africa.

BROUGHT OUT ALIVE.

Man Found in the Burning Mine at Pocahontas, Va., Resuscitated.

Pocahontas, Va., Nov. 19.—The work of removing fallen slate and debris from the Baby mines still continues. The body of Fritz Moulter was found entombed in a room on the west side. He was barely alive. For six hours physicians worked with him before he was restored to consciousness. He will probably recover.

There was great rejoicing when the news spread that he had been recovered alive. Moulter says that all within the mine on Thursday night commented on the heaviness of the atmosphere and that a number of the men left their work ahead of him. He soon found that danger was imminent and along with several others started running from the drift. A heavy report which shook the mountain was heard and an instant later a huge cloud of smoke and flames was seen. He lost sight of his companions, but he turned into a side room as quickly as possible and was shut off by falling slate. Probably two days elapsed before he succumbed to the foul air.

WHOLLY DISCREDIT IT.

United States Army Officials Scout the Alaskan Conspiracy Story.

Washington, Nov. 19.—Army officials wholly discredit the published story of the reported conspiracy to secure the independence of Alaska. The only report made by General Randall to the war department from his quarters at Vancouver touching Alaskan affairs related to the transfer of a couple of engineers from Valdez to Fort Egbert. The cynical suggestion is thrown out at the department that the story is devised to secure the return of soldiers to Alaska.

Given Two Years for Duelling.

Berlin, Nov. 19.—The courtmartial appointed to inquire into the duel between Lieutenant Blackwitz and Lieutenant Hildebrand, both army officers, at Interburg, East Prussia, in which the former was killed, has sentenced Lieutenant Hildebrand to two years' imprisonment. Lieutenant Crodecek, second to Lieutenant Hildebrand, has been sentenced to five days' imprisonment.

Free Raw Sugar Prophesied.

Chicago, Nov. 19.—"Congress will remove the duty on raw sugar within a year and the refined product will sell at 3 cents a pound," said W. A. Havemeyer, Chicago representative of the American Sugar Refining company, in discussing the reciprocity convention. He said that the action of congress would be inevitable.

Wrongfully Imprisoned for Treason.

Vienna, Nov. 19.—At Lembourg an Austrian officer named Stilling, after suffering four years' imprisonment on a charge of treason in supplying to Russia the plans of an Austrian fortress, obtained a revision of his trial and succeeded in establishing his innocence.

No More Swords for Cavalry.

London, Nov. 19.—"The Indian government," says a dispatch from Simla to The Daily Express, "has abolished the sword for the cavalry, both British and Indian, and a short rifle will be issued to all mounted troops."

TELEGRAPHIC BREVITIES.

The new Hay-Pauncefote treaty was signed at Washington Monday.

James J. Hill has been elected a director of the Chicago, Burlington and Quincy road.

A Bridgeport, Conn., man has commenced the manufacture of flying machines for the market.

The official tabulation of the vote in Ohio at the recent election places Governor Nash's plurality at 67,467.

The St. Louis health department has been held responsible by the coroner for the deaths from tetanus recently occurring there.

EIGHT DEATHS FROM LOCKJAW
CAUSE GREAT ALARM AT
CAMDEN, N. J.

OFFICIAL ACTION IS TAKEN

City Authorities Begin a Complete Investigation of the Whole Matter.

Several Cases Also Reported in Philadelphia—Physicians Loth to Believe the Disease is Due to Impure Vaccine.

Philadelphia, Nov. 19.—The alarm that has been caused by the nine cases of tetanus following vaccination in Camden, N. J., has aroused the city officials there to take official action in the matter. The board of health and the board of education each held meetings during the day. The former decided to request physicians to cease vaccinating persons until an investigation as to the cause of the lockjaw cases has been made, and the latter rescinded the order of the compulsory vaccination of all school children. Of the nine cases of tetanus so far reported eight of the victims have died and the other is in a dangerous condition.

The board of health appointed a committee of three to act in conjunction with the county physician and make a complete investigation of the whole matter. Dr. H. H. Davis, president of the board, in stating the purpose of the call, said he did not believe that vaccination was the direct cause of tetanus, but as the city was thoroughly aroused and the people were looking to the board of health for some action, he, therefore, believed something should be done.

There have been several cases of tetanus following vaccination reported in Philadelphia, but no official action has been taken. The question of compulsory vaccination of school children and teachers has been taken to the courts and resulted of a verdict in favor of vaccination. The case was that of a girl's high school teacher who refused to be vaccinated. She was suspended by the school board and she carried her case to court. The board was sustained and the teacher was dismissed from the service of the city. She took an appeal to the superior court.

Coroner Dugan of this city has promised the Anti-Vaccination Society of America to make a thorough investigation of the death of Joseph Goldie, a boy of Bristol, Pa., who died in a hospital here from tetanus alleged to have followed vaccination. The coroner's physician is now engaged in making an autopsy.

At Bridgeton, N. J., Miss Hilda Rocap, a well known music teacher, is in a critical condition as a result of vaccination. Miss Rocap a few days ago was vaccinated on one of her limbs. The whole side of her body became paralyzed and she is suffering greatly. A specialist at Philadelphia has been sent for to make an examination.
